**PRE-SURGICAL INSTRUCTIONS FOR  
GENERAL ANESTHESIA OR INTRAVENOUS SEDATION**

You are scheduled to have an Oral Surgery procedure. The following instructions must be followed to ensure your safety while having surgery and to obtain the best surgical results.

1. **DO NOT** have anything to **EAT** or **DRINK** for **6** hours prior to surgery. You may have water up to 2 hours prior to surgery. Prescribed medications may be taken with a small swallow of water if so indicated by Dr. Goldenstein.
2. A responsible adult must accompany you to the office to drive you home after the surgical procedure. This person should also be available for at least 30 minutes prior to your discharge in order to review post-operative instructions.
3. **Wear short-sleeved clothing.** This is necessary for your comfort and also for monitoring of your vital signs during surgery.
4. **Please remove contacts prior to surgery.** Bring your case for storage of eyeglasses if necessary.
5. Recovery usually takes a few days, so please make some type of arrangement with work or school.
